The gun clubs of Oklahoma and Indian territory are arranging to hold the annual shooting tournament at Oklahoma City about the middle of May. The tournament annually brings a great crowd of marksmen to the territory. In addition to Garrett and Spencer, several other marksmen of national reputation will attend. At present Joe Rohrer of El Reno holds the Oklahoma cup.

A woman at Norman took her sewing with her and visited a saloon one day last week. She sat by the side of her husband who was drunk in the saloon.

Ex-Governor Seay believes that the American flag should float above every school house in Oklahoma, and has presented Kingfisher college with a fine one.

The swell thing at Muskogee is to go picnicking in a box car ryp as a special train. Money at Muskogee was made only to be spent.

Russell G. Lowe of Perry has a bunch of game chickens from Alabama, Mississippi, Kansas, Kentucky and Colorado which he believes can "lick" anything that wears spurs. There are several old roosters at Paula Valley that think otherwise.

The Frisco railroad agricultural agent who is booming cantaloupes, tomatoes and strawberries as winning crops next summer, by urging Oklahoma farmers to engage extensively in their cultivation, may never be president of the United States nor Republican national committeeman from Oklahoma, but he's a good fellow, and the dining room girl should always give him his pick of the turkey.

Chickasha expects to organize a Democratic club with six hundred members.

Kingfisher Star: Attorney General Roberts and Auditor Baxter agree that school districts may invest their sinking funds in territorial or United States bonds. This holds out a barren promise for neither of these securities can be had at par. It's like telling a man to invest in bonds of the New Jerusalem. They are not on the market.

"One of the finest pearls found in Indian territory is the property of Harry Blake of Checotah," says the Muskogee Tribune. "Mr. Blake bought the pearl of an Indian boy. The boy found it in the Deep Fork four miles south of Checotah. The pearl was polished in New York and was valued by the lapidary at \$125. The weight is twelve grains and the color and shape perfect. Mr. Blake says that the pearl is one of many that has been found in the Deep Fork. The streams of the territory may yet be as famous as the Arkansas rivers for pearl fisheries."

A Shawnee man after reading the story that Harvey Blake of Checotah owns the finest pearl ever found in Indian territory and that it weighs twelve grains, turned up his nose and said: "Shucks, I can beat that; I've got one that weighs 115 pounds which I'm dead sure is the finest ever found in Oklahoma or anywhere else."

The death of a gold fish, the property of the editor of the Marshall Tribune caused the following obituary notice to appear in last week's Tribune: Dick, the beautiful gold fish that has adorned the Tribune office for several months and which was presented to the editor by his little mistresses, Gladys and Vera McCormick, when they left for their new home in St. Louis, is dead. There was nothing apparently the matter with Dick, for he was well cared for every day, but he just simply died—died we think of a broken heart over the loss of his little friends. A little mound marks his resting place in the back yard and we know a pang of sorrow will fill the hearts of his girl friends away up north when they read of his demise.

Editor John Allan of the Norman Voice, and John Sullivan, who is by no means a Frenchman, had a fight in the muddy streets at Norman over a article printed in Allan's paper about Sullivan. When the encounter closed, both men were so deeply covered in mud that it was difficult to tell which was Allan and which was Sullivan.

A PLEASANT SURPRISE.

In Store for Those Who Doubt.

When you read that a sufferer of many year's standing has been completely restored to health by using Smith's Cure-all, you are inclined to doubt the statement and, in fact, have no belief in it whatever. The reason for this is that so much is claimed for the Cure-all it is impossible for anyone to believe it; if the advertiser confined his claims to the curing of one disease, as do the proprietors of Pyramid Pile Cure, readers would have much more faith in published testimonials. Those familiar with this great remedy know that testimonials as to its merit may be relied upon implicitly, also that the cures brought about by its use are little short of marvelous. The genuineness of the testimonials here given is vouched for and is but one of thousands received; wish to write you and tell you what your Pyramid Pile Cure has done to me. While some would give me pills for the past five years and used every remedy that was recommended to me. While some would give me relief for a while they never have cured. I was so bad this summer I could not get up or down without pain; could not attend to my household duties. Finally I got a 50 cent box of your Pyramid Pile Cure at the drugist's and it is now two months since I used the last of the box, and have had no trouble since. I can say it is really and truly a good remedy.

"I am so thankful I tried it as I know it has cured me, and if at any time I should have any such trouble again I would use it at once. Since I am cured I have recommended it to my friends, whom I know to be afflicted as I was, and I know they will use it too. I am so thankful I ever learned of your cure." Mrs. F. Hutt, 460 2nd street, Grand Rapids, Mich.

Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed to any address upon receipt of price by Pyramid Drug Co., Marshall, Mich. Write this firm for their book describing the cause and cure of piles.

Work commenced this week on the drainage of the big bend of the Salt river valley two miles south of Romulus. This is the first move of a plan that has been organizing for the past twelve months for the reclaiming of a vast area of overflow lands of the Salt river valley. There are probably 30,000 acres of these lands to be drained. The drainage of the Salt river valley will open up to cultivation one of the richest areas of bottom lands in Oklahoma and will be followed by a similar drainage plan on the Little river valley.

Have You Indigestion?
If you have indigestion, Kodol Dyspepsia Cure will cure you. It has cured thousands. It is curing people every day—every hour. You owe it to yourself to give it a trial. Fifteen cent cotton at Shawnee has made the cotton pickers of Pottawatomie county bow their backs and hunch.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time.
